REPLY TO THE ATTENTION OF

DEC 21 1998

Mr. Dale Newmister

SE-5J

Non-Responsive

Dear Mr. Newmister,

This letter is to advise you that the United States Environmental Protection Agency and its' contractors will be starting the removal action at the Tilton Plating Site. Work is expected to begin the week of January 11, 1998 and should last approximately 2 months for this phase. We will then be returning in the Spring of 1999 to conduct additional work on the contaminated soils associated with the property. This action is consistent with the November 16, 1998 signed access agreement you provided to the Agency. If you have any questions I can be reached at 312/886-6246.

Sincerely,

Cindy Nolan
On-Scene Coordinator
